

Desert Habitat

LIZARD CRAFT

Extended Learning Partnership

Lizard Craft

Materials:

- Toilet paper (or paper towel) roll
- Scissors (please ask an adult to help you whenever you use scissors!)
- Pen or Pencil
- Glue or tape
- Paint (in your choice of color) - or markers, crayons, colored paper
- Paintbrush (if you use paint)
- Cupcake liner or extra paper (optional)

Lizard Craft

Instructions:

1. Gather your materials
2. Cut your toilet paper roll in half length-wise, so you have two half circles

Lizard Craft

3. Trace out the shape of your lizard (head, body, and tail) - don't forget to give your lizard a characteristic round lizard belly! If you use a paper towel roll, you can cut it out in one piece. If you use a toilet paper roll, you may need to trace out the tail on the second half (see pictures). Cut out your shape.

Lizard Craft

4. Using the extra toilet paper roll, trace out the shape of four legs and feet. Cut out the legs.

Lizard Craft

5. Attach the four legs and the tail (if needed) using glue or tape.

6. Color your lizard a nice desert color (or any color!) using whatever you have available – paint, markers, crayons, etc. Don't forget to include eyes and a mouth! If you are happy with how your lizard looks, you can stop here!

Lizard Craft

7. Or, you can give your lizard a frill by cutting out a circular piece of paper (a cupcake liner works well if you have one). Decorate your frill. Make a slit in the middle and slide it over your lizards' head.

Done!
