FRESNO CHAFFEE ZOO AFRICAN LION CUBS MAKE OFFICIAL PUBLIC DEBUT

FRESNO, CA — Fresno Chaffee Zoo's African lion cubs Jubilee and Indy have officially made their public debut on their habitat in African Adventure on Tuesday, October 6th.

The cubs, born July 4th, have been growing and bonding with their mom, Zamaya, behind the scenes. During that time, they were also introduced to their dad, Chisulo, and their siblings, Asali and Taraj.

Now, guests can see the entire lion pride on habitat in African Adventure daily. Indy and Jubilee spent their first day exploring their new home, playing with their siblings, and cuddling close to mom. Guests can continue to receive updates on the cubs and all other ZooBorns news via the Zoo's social media channels. If the public would like to show their support for the babies at the Zoo, virtual adopts are available on the Zoo's website fcz.org or at the following link:
